### *What you need:*

A copy of the template for each child, double sided tape/glue stick, kebab skewers, felts and crayons for decorating.

### *What to do:*

- Cut out the template.
- Fold down the centre line as marked.
- On the wrong side of the template, either spread glue or double sided tape all over.
- Place the kebab skewer on the placement line.
- Fold the template with the skewer on the inside and seal it making sure the glue/tape has stuck!
- Decorate!

### *How to use:*

Hold the bottom of the skewer between your hands, and have the template at the top.

'Spin' the picture really fast by rubbing the skewer between your two hands.

If you are doing it fast enough, the two pictures on the template will look like they are combined, and Jesus will

'appear' to the disciples in the locked room!
